WORK EXPERIENCE

Infinite Computer Solutions

Associate Sofware Engineer   Aug 2022 - Present

- Developing new features for a healthcare system based on client needs.
- Modifying existing system functionalities to enhance user experience.
- Collaborating with cross-functional teams to identify system requirements, resulting in enhanced functionality and user satisfaction.
- Developing and providing documentation to assist non- technical users
- Collaborating with business analysts to develop and document new system functionalities.

EDUCATION

Babu Banarasi Das Northern Indian Institute of Technology

Bachelor of Technology(CSE) - 8.52   Aug 2018 - Jul 2022

PROJECTS

AirBnb Clone ↗

- Developed a scalable platform for booking and managing accommodations.
- Designed a user-friendly interface with Spring MVC, allowing hosts and guests to interact seamlessly.
- Implemented secure authentication and authorization using JWT tokens and Spring Security
- Optimized database interactions with PostgreSQL, ensuring fast and reliable performance.

Contact Management System ↗

- Designed and developed a cloud-based contact management system using Spring Boot, REST APIs, and MySQL for secure storage and retrieval of contact data.
- Integrated Cloudinary for image storage, enabling efficient management of user-uploaded images.
- Secured the application with Spring Security and OAuth 2.0, providing robust authentication and authorization mechanisms.
- Implemented a dynamic and user-friendly interface using Spring MVC and Thymeleaf, ensuring seamless user interactions.

SKILLS

Programming Languages and Core:
Java, JavaScript, Data Structures and Algorithms, Object-Oriented Programming
Database Management:
MySQL, PostgreSQL
Frameworks:
Hibernate, Spring Framework
Technologies:
REST APIs, Microservices Architecture
Tools:
Eclipse, VS Code, Git, Maven
